Addendum to College Catalog (COVID-19)

Introduction

The purpose of this Addendum to the College Catalog (COVID-19) is to outline some of the modifications made due to the Coronavirus pandemic; however, this document is not exhaustive of all potential modifications to policies and procedures outlined in the College Catalog. The College will work closely with students on an as needed basis to determine where additional flexibility or modifications are possible.

Emergency Preparedness and Operations Plan (EOP)

Please refer to the COVID-19 Addendum to Emergency Preparedness and Operations Plan (EOP) for Students, Staff, and Campus Operations for more information and resources.

Student Extended Absences – Leave of Absence (LOA)

The U.S. Department of Education has permitted COVID-19 to be included as an approved reason for a Leave of Absence (LOA) should students wish to postpone their education. Students should follow campus procedures as outlined in the College Catalog to request the LOA; however, accommodations can be made to avoid in-person meetings.

These COVID-19 Leaves of Absence are available should current modifications not meet the student's needs or should the student wish to suspend training until such time that COVID-19 modifications have been lifted. Please refer to the Addendum to Emergency Preparedness and Operations Plan (EOP) on the College's Coronavirus page for updates on reopening. <https://www.spartan.edu/coronavirus/>

Student Conduct

In addition to the standard College Catalog requirements, added conduct requirements to protect students and employees and comply with all related guidance necessitated by the COVID-19 pandemic include but are not limited to:

1. Wearing a mask whenever required;
2. Adhering to required social distancing space;
3. Refraining from attending campus when ill or exhibiting symptoms;
4. Participating in required temperature screenings as required;
5. Complying with direction of staff, faculty, or College officials when entering and exiting the buildings.

Course Modifications

Ground courses that include lab work that requires hands-on instruction will be offered upon re-opening of the campus. The College split all course credits based on lecture vs. lab (if required) to allow students to complete lecture portions and receive a grade and then complete lab portions and receive grades upon re-opening. Courses that have been modified are outlined below.

Incomplete Coursework

Please note that due to COVID-19, the timeline to complete coursework for courses with a grade of Incomplete ("I") is extended temporarily. Once courses resume on campus, incomplete work will be assigned for make-up as quickly as feasible. Students should work closely with their instructors and program chair to ensure that there is a clear plan and timeline for make-up. Coursework that is not made-up for courses with an "I" grade will eventually cause the grade to revert to an "F". Usually this occurs within one course module; however, this timeframe will be more flexible until there has been adequate time for coursework impacted by COVID-19 to be completed.

Airframe & Powerplant, Diploma (Main Campus Only)

The following list includes each course in the standard format with full credit values, as well as course modifications due to COVID-19 where courses and credits were split between lecture and lab.
